**Moorton**

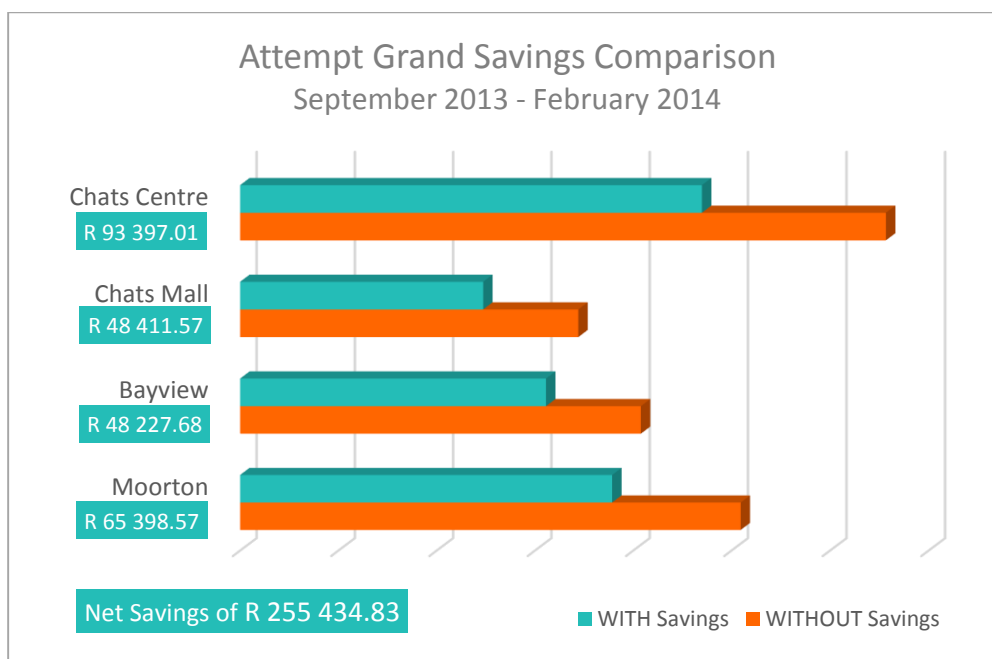

Dear Mr Shaik,

May we take this opportunity to thank you for allowing us to be part of your group of KFC Stores. It has been a pleasure working with you and your team. Just over six months have passed since Energyrite installed the first Eniscope and we are proud to have confirmed great energy savings for your four Stores thus far.

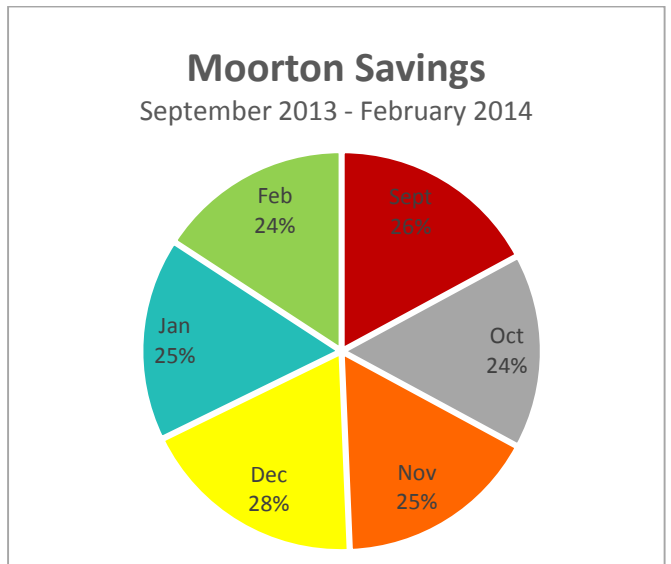

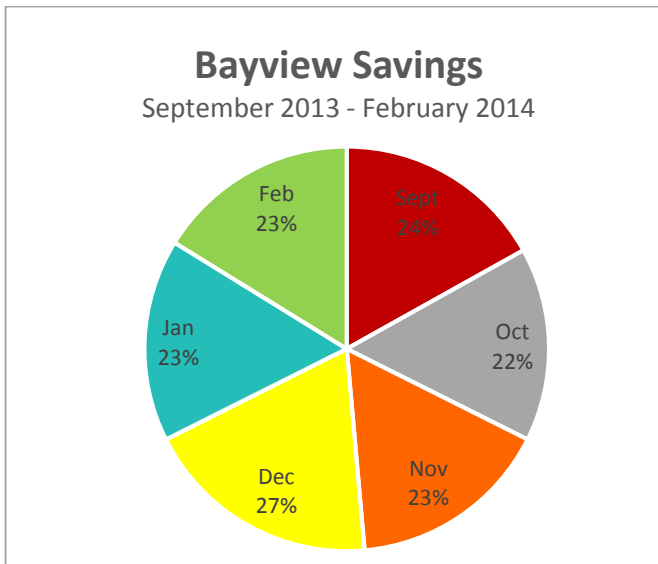

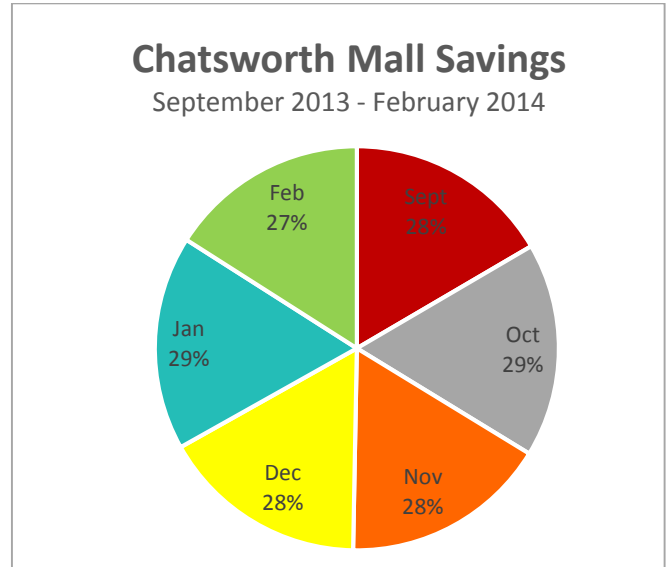

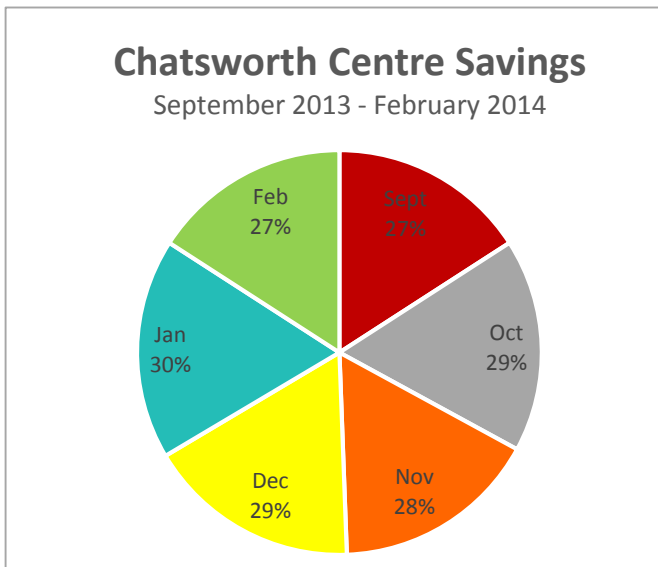

The start of the savings fairytale for Attempt Grand began in May 2013 when Scott Fuller and Quinton Heyns approached you with Energyrite's unique their **'No Risk Solution'** to curb your energy spend within your various Stores.

With your approval, our 'No Risk Solution' was initially activated at the Chatsworth Drive-Through Store (known as Chatsworth Centre). It involved a site audit, installation of real-time energy management equipment and a comprehensive report, detailing how savings were generated, all at no cost to you. Once the audit was completed, it was discovered that the team from Energyrite could indeed find guaranteed savings starting from the first month. With the newly found savings, you gave us the go ahead to roll out Energyrite's Solution into Chatsworth Mall, Bayview and Moorton. The savings began in September 2013.

Six months later; Energyrite has achieved a 26% across the board decrease in your monthly electricity bills. That's a net saving of R 255 434.83. With our agreed shared savings split of 50%, you have effectively saved R 127 717.42. The graph below shows the Rand Comparison BEFORE and AFTER Savings were implemented at the four Stores from September 2013 to February 2014 –

The detailed graphs below show the monthly percentage savings for each of the four stores over the first six months.

In addition, Energyrite are currently implementing and investigating further strategies to optimise additional savings.

To summarise the first quarter; you have saved R 127 717.42, which put simply means –

R 127 717.00

Meals \* Priced at R24.90

We trust you are satisfied with both the service and savings you are receiving from the Energyrite team.

Yours sincerely

Scott Fuller
